Turtle Lake Lakeshore and Watershed Management Study Project Overview

Turtle Lake is a valued place for recreation, nature, and community life.
To protect the lake's health and guide it's future, a new **Lakeshore and Watershed Management Study** is underway this summer.

In addition to data gathered by scientists from the Turtle Lake environment, the Study also needs input from people like you.

☑ Take the online survey

(use QR code for the project webpage: ***wallaceinsights.com/TurtleLakeStudy***)

☑ Map your knowledge
